

SILVERWING SWIFT SCORPION2 & R-SCAN

DESIGNED TO PROTECT YOUR INVESTMENT

ADVANTAGES & BENEFITS

- Annual calibration
- Peak performance with software updates
- Full system function test
- Annual comprehensive servicing
- Annual consumables replenishment

Swift, Scorpion2 and R-Scan service plans are associated to specific instruments (serial number) and they offer you the peace of mind of knowing that your investment is well protected, functional, and up-to-date.

ANNUAL CALIBRATION

An annual calibration on Swift performed by Eddyfi Technologies guarantees its quality and is crucial to instrument precision. The full system will also undergo a full functionality check.

SOFTWARE UPDATES

We are continuously developing new features and updates. The service plan entitles you to any available software updates for the period of your plan. Always enjoy the benefits of all the latest improvements.

CONSUMABLES REPLENISHMENT

Replenishment of system consumables including cleaning pads, circlips and silicon oil.

COMPREHENSIVE SERVICING

A series of checks on essential system components to ensure the systems functionality is maintained and unforeseen downtime is prevented.

Comprehensive servicing includes:

- Integrity checks of all gaskets, bearings and springs.
- Full servicing of dry coupled wheel probe including probe tyre replacement.
- Replacement of wear runners.
- Functionality checks of all connectors.
- Cleaning of system.
- Functionality tests of full system.
